Welcome

On behalf of the Jersey Shooting Federation, I would like to extend a very warm welcome to everyone participating in the 2012 Commonwealth Shooting Federation (ED) Championships.

This is the ninth occasion that Jersey has hosted the Championships, and in the 37 years since the first in 1975, there have been new ranges and many improvements to shooting facilities introduced. This year, for the first time, we are using electronic targets for some of the events and no doubt in the coming years, these targets will become the norm and enhance spectator viewing and participation of our sport.

We have also seen the impact of the pistol ban in the UK which has meant that UK pistol shooters now welcome the opportunity to compete here, with the benefit of the "Loan Pistol" initiative provided by the Jersey Pistol Club, in a full program of events not possible across the Channel.

On the other hand, many other things remain the same as all those years ago. The unmatched time and commitment of all the volunteers from the Island shooting clubs as well as shooting supporters who serve as officials and range staff, have loaned equipment, and without whom these Championships would not be possible.

We have the assistance from each of the clubs who generously make their ranges and facilities available - Jersey Rifle Association, Jersey Pistol Club, Jersey Outdoor Small Bore Rifle Club, Lecq Gun Club, St John's Shooting Club and St Lawrence Miniature Rifle Club – and we have the continuing support of all the Jersey authorities, including the Education, Sport and Culture Department, with their recognition that shooting deservedly represents one of the "national" sports of the Island.

And finally, the enthusiasm of all Championship competitors. We have 9 countries represented and 27 separately shot competitions which must be a near record. In a summer dominated by sporting triumph in the news, I wish everyone their own success, and hopefully recognition that not only are their sporting achievements well deserved, but also they come from hard fought dedication and determination.

Good shooting to all!

Welcome to Jersey

I am very pleased, on behalf of the Island, to welcome you to Jersey for the Commonwealth Shooting Federation (European Division) Championships.

We last hosted the Championships here in 2007 and saw some excellent competition. This will undoubtedly be the case this year.

Jersey has a proud and well-earned reputation in the Sport and enjoys both hosting and taking part.

I hope you will also have the opportunity to see something of the Island's attractions and to enjoy seasonably good weather!

This Competition could not take place without the dedication and hard work of a great many people. The effort expended to ensure that this is both an enjoyable and a well-organised competition has been truly impressive.

I wish everyone a good competition, whatever their ranking!

Good luck

Medal Awards

CSF(ED) Medals will be awarded according to the Constitutional rules:

5.3.1 Medals:

Official Divisional Medals shall be awarded in respect of First, Second and Third places in each of the "Medal Events", subject to the following minimum numbers of competitors:-

Five (5) competitors or more starting the event - Gold, Silver and Bronze;

Four (4) competitors starting the even - Gold and Silver only;

Three (3) competitors starting the event - Gold only;

Fewer than three competitors - no award shall be made.

Where pairs events are concerned, for these purposes the number of competitors should be read as the number of pairs.

Notwithstanding the above, however, no medal shall be awarded in any event that fails to attract starting competitors from three or more countries.

Development Competitors are not eligible for medals, but will receive Certificates.

A Brief History of the Jersey Shooting Federation (www.jsf.org.je)

During the return flight to Europe from the 1974 Commonwealth Games in Christchurch, New Zealand, several shooters got together and agreed that the European Division of the Commonwealth would hold annual shooting Championships for all the Commonwealth Games shooting disciplines. The European Division consists of England, Scotland, Wales, Northern Ireland, Isle of Man, Guernsey, Gibraltar, Malta and Cyprus, as well as Jersey.

Scotland hosted the first Championships in September 1974 and they proved highly successful. England was nominated to host the 1975 Championships, but had to back out at the last minute. So that the impetus would not be lost, Jersey stepped into the breach and agreed to run them.

An outdoor smallbore rifle range was built in record time on private land at Val de la Mare and the Jersey Rifle Association rebuilt the 900 yard and 1,000 yard ranges at Les Landes, both being completed with just days to spare. The Jersey Championships were a great success and cemented the concept of annual Championships.

In 1979 the Jersey Shooting Federation was formed to improve co-ordination between the various independent Associations.

The JSF has 2 principal aims: to host Commonwealth Shooting Federation (European Division) Championships, when elected to do so; and to raise funds for, and to organise the participation of, a Jersey team in any CSF Championships, wherever they are held.

In 1990, at the Auckland Commonwealth Games, both Jersey and Guernsey won their first-ever Commonwealth Games Gold Medals, both in shooting. To celebrate that achievement the JSF organised a multi-event "SuperShot" competition. It was so successful that it is now held every year, as the flagship of the JSF's fund-raising efforts.

That fund-raising has been so successful that about £50,000 has been donated to date, to the JSF's selected charities, the Hospices in Jersey & Guernsey and Channel Islands Air Search.

In 1995, the first world-wide CSF Championships were held in New Delhi. They were a grand affair, opened by the President of India, with some 10,000 troops on guard duty. Malaysia hosted them in 1997, New Zealand in 1999, England in 2001, Australia in 2005 and India again in 2010. Both Australia and India are bidding to host them in 2013. Perhaps, one day, Jersey will be able to hold them; in the meantime the JSF will make every effort to send worthy teams to participate in these CSF "World" Championships as well as the European Division events.

The JSF affiliated Associations are:

The Jersey Rifle Association, the Jersey Clay Target Shooting Association, the Jersey Smallbore Shooting Association and the Jersey Pistol Association.

The JSF would also like to acknowledge the enthusiasm and invaluable help of the Jersey Archery Society and the Jersey branch of the Muzzle-Loaders in staging SuperShot.

Les Amis Incorporated

Who we are

Les Amis is a Jersey Charity which has been in operation since 1974 and exists to provide homes for people with learning disabilities. Our aim is to give all residents the help they require to lead as normal a life as possible whilst living at Les Amis, or in one of its group homes which are located Island wide. We treat each resident as an individual and involve them in any decision which may affect their lives.

Our philosophy is to offer homely environments, where people feel free to express themselves and make real choices that affect their lives. This is achieved through empowering our residents. Assistance is given to enable them to gain the necessary skills to participate and contribute to their local community as equal and valued members.

Our long term objective, is to enable residents to live in, and join with, their local community and to be respected as an equal.

Les Amis continues to develop and review its provision, working closely with other agencies to ensure the support given is of a high professional standard these agencies include ACORN, Jersey Mencap, Jersey Employment Trust, Jersey Employment Network on Disability and States of Jersey Health & Social Services.

What we do

Group Homes in the Community: Group Homes are ordinary houses in ordinary streets where small groups of people can choose to live together, sharing the responsibility of running their own home and contributing to its development.

Adult and Children's Respite Service (including Outreach): This is a service for parents and carers who may need time to re-charge their batteries. It is a place where their son or daughter can spend time in a safe, welcoming environment. It is somewhere where people can socialise and get involved in positive activities.

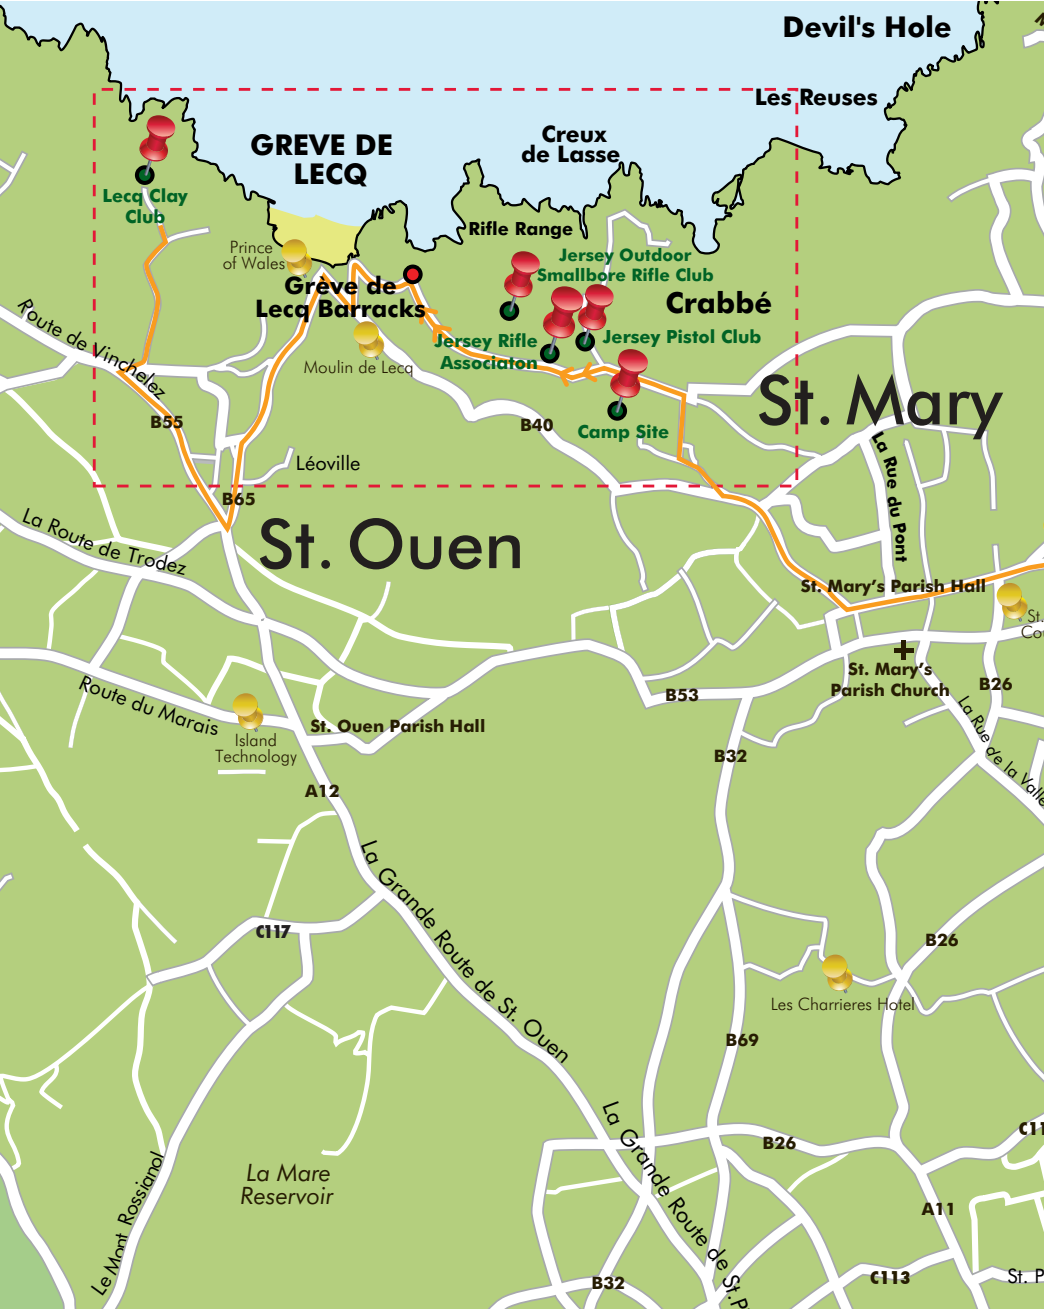

The 'Outreach' service aims to encourage residents with an existing high level of independence, to advance in their abilities and eventually enable them to live in the community, with little or no staff support.

Jersey Hospice Care

About Jersey Hospice Care

- Jersey Hospice Care is a specialist palliative nursing service which provides holistic care, free of charge, for patients with cancer and motor neurone disease.
- The Community Bereavement Service is available to all islanders (adults and children) who have suffered a loss, regardless of the nature of bereavement.
- In order to run all of the services offered by Jersey Hospice Care we have hundreds of volunteers who work throughout the charity.
- Jersey Hospice Care has begun developing its existing facilities in order to prepare for the expected increase in the number of people needing palliative care in the coming years because of changing demographics.
- The complete redevelopment programme of Clarkson House, which includes doubling the number of beds available to patients and a bigger Day Hospice with improved facilities, is expected to cost around £15m.

Our services

Our services are provided:

- ✦ Within patients' homes
- ✦ At our Day Hospice
- ✦ In Clarkson House
- ✦ Through the Bereavement Service

This is so that all our patients are enabled to:

- ✦ Live the remainder of their lives to the full
- ✦ Remain at home if they wish
- ✦ Die with dignity where they choose

Jersey Hospice Care provides a package of integrated services **24 hours** a day,
365 days a year. Each care plan is tailored to **suit individual needs.**
